With over three million cars on the road today covered by our products, we are one of the largest service contract providers in the automotive marketplace.

How am I protected?

Your vehicle manufacturer's warranty is very comprehensive. It covers virtually every part in your vehicle and can help prevent you from paying expensive repair bills. Only one problem - it ends. And when it does, you could be exposed to unexpected and expensive repairs. A QualityGuard+Plus Extended Protection Plan can protect you from unexpected repair costs when your factory warranty expires.

Guard against the rising cost of repairs

The average age of cars and light trucks currently in operation in the U.S. has increased to 12.5 years.¹ As your vehicle gets older, both the risk and cost of repairs may increase.

Our contract terms and options provide you with an unparalleled value, right now.

- **The choice of plan that best suits you** with up to 14 time/mileage options available
- **Payment-free service, other than your deductible** Dealers are paid directly
- **Transferable** if you sell before your coverage expires; helps enhance resale value²
