

# Value Protect

Coverage for your trade-in

## Secure your investment

Even if damage to your vehicle is properly repaired or the accident was through no fault of your own, the potential loss in value can be significant. Protect yourself and your budget from the potentially diminished value of your vehicle with Value Protect.

## How Value Protect works

## Coverage benefits

Provides you the option to trade-in your vehicle to the selling dealer for a credit of the guaranteed repurchase price toward the purchase or lease of another vehicle.

### Diminished Value Benefit

The calculation of the selling dealer's offer may be affected by the demand for the vehicle and/or the diminished value of the vehicle resulting from a reported accident. In consideration for your payment of the option purchase price, if you reject the selling dealer's offer, the selling dealer agrees to provide you with the option to trade-in your vehicle for the guaranteed repurchase price which may be calculated in consideration of the maximum diminished value benefit and the verified repair amount, where applicable.

### DID YOU KNOW?

It's not uncommon for a vehicle to lose 10% to 30% of its value after an accident!
